SEATTLE, WASHINGTON

UNIVERSITY OF WASHINGTON

Springing from the longhouse style traditions of the indigenous peoples of the Pacific Northwest, the Intellectual House will provide a learning and gathering space for Native American students, faculty, and staff.

It will be a welcoming educational environment for diverse communities to come together to share their knowledge and their cultures with one another.

As a home away from home for Native students, faculty and staff, the Intellectual House will be a place on campus that encourages tribes in Washington State and the Pacific Northwest to visit and actively participate in expanding the educational opportunities and achievements on campus.
